Hi Marion and Shanta,

Any feedback or suggestions on the decision memo I sent to you on Friday? As I mentioned in the note, I'm struggling to adequately hit/address the necessary points/issues for this action. All thoughts/ideas are appreciated.

A slightly updated version is attached from my work on Saturday.

Thanks,
Debra

Hi Marion and Shanta,

As promised, attached is the current draft decision memo. I have pieced a lot together from past assessments and the drafts I have; however, there are several places that will need to be updated and/or confirmed when we get the assessments from HED/EFED/BEAD. Sections highlighted in yellow need a second look. The labeling/mitigation still needs work as well.

Ex. 5 Deliberative Process (DP)

I know it still needs a bunch of work. However, any thoughts on how/where to address issues left out would be greatly appreciated.

Thanks.
Debra
